## Engineering Manager

### experience

#### Engineering Manager

Deloitte Digital  
London, UK  
Aug 2021 - Now

- As an engineering manager at DD I make sure we mitigate the risk on cutting edge technologies, tutor junior developers, organise talks, lead teams and deliver with excellence.

#### Senior Frontend Developer

Deloitte Digital  
London, UK  
Jan 2020 - Aug 2021

- Part of the Deloitte Digital recruiting team for new engineers
- Tech stack: **React, Redux, RTK, SASS, Courgette, Jest, Webpack, NodeJS, WebComponents**
- Frontend lead at Linklaters project - Nakhoda
  - Used by the **leading 500 Fortune** companies
  - Leading a team of **7 engineers**
  - Since I joined the project we stabilised the codebase, fully tested the application, documented the codebase and built new features that attracted new clients like **HSBC, NEOM, CITI, McKinsey and BNP Paribas**

#### Frontend Developer and UI/UX Designer

Qadre  
London, UK  
Jul 2018 - Oct 2019

- Worked with a wide tech stack: **React, Webpack, NodeJS, GraphQL, Gatsby, Storybook and Styled-Components**
- Developed the firm's design system to use across the company-wide applications
- Conducted **design thinking and agile sessions** to conceptualise products
- Official **UI/UX designer and developer**, occasionally did some **graphic design** as well

#### Frontend Developer and UI/UX Designer

Catalpa.io  
Dili, East Timor  
2016 - 2018

- Designed and developed **native mobile applications**
- Tech stack: **RiotJS, SASS, Bootstrap, NodeJS, Cordova, Android Studio**
- Designed and developed **web applications**
- Worked along side with the Government of East Timor to develop products that helped them to **reduce the social and economic impairments**
- **Developed a social network** for all in-local NGOs to interact with each other

#### Web Designer and developer

Lunatica.biz  
Madrid, Spain  
2015 - 2016

- Made custom CMS systems for a wide range of clients mainly with **WordPress**
- **Graphic Design** works - featured ad in one of the main newspapers in Madrid
- **Editorial design, branding design and UI/UX design**

#### Freelance Graphic Designer

Freelance  
Lisbon, Portugal  
2014 - 2015

- Graphic design, editorial and branding design
- Web design

“

I deeply believe that great user experiences make a difference when delivering digital products. I'm passionate about developing seemingly user interfaces that work pixel-perfect across all devices. With background in UI/UX design I am very detail oriented and have a positive problem-solving attitude.
